# OUR REGIONAL RESPONSE TO COVID-19

# Local Impact of COVID-19

## Even before the COVID crisis, much of our region was struggling. \*

- Nearly one in five residents could only make it by for less than one month if they lost current sources of income.
- Nearly one-third of residents very or slightly worried about paying their rent or mortgage on a good day.
- One out of two households of color in DC live in a state of persistent financial insecurity and our current work and income disruptions caused by COVID-19 will result in households falling more deeply into debt, housing, and food insecurity.

\* Data collected by Gallup for The Community Foundation's VoicesDMV initiative and Prosperity Now

"Our job, as the NVRDC advocate, is to empower you to make choices in your treatment. Most importantly, our job is to make sure you are heard."  
Network for Victim Recovery of DC shares how they're responding to sexual assault survivors in the midst of the #coronavirus pandemic - and why survivors don't need to choose safety over treatment. Read more:

We are proud to partner with Network for Victim Recovery of DC as one of our COVID-19 Emergency Response Fund grantees.
