DC COVID ALERT NOTICE

DC COVID Alert Notice (DC CAN) is the official COVID-19 exposure notification system for the District of Columbia. We're asking everyone to work together and spread the word about DC CAN so that we can not only protect ourselves, but our community as well.

Please see below for our suggested social media post copy, feel free to use the images in our resources, and don't forget to tag us on Facebook, Twitter, or Instagram!

Add your phone to the COVID fight! We are proud to support DC Health's DC COVID Alert Notice which protects our community while protecting our privacy. If you have an iPhone, opt-in to Exposure Notifications in your device Settings. If you have an Android, download DC CAN from the Google Play Store. coronavirus.dc.gov/dccan

DC COVID Alert Notice (DC CAN) is the official COVID-19 exposure notification system for the District of Columbia. Using Bluetooth technology, DC CAN lets you know if you've come into contact with someone who has tested positive for COVID-19. To learn more, visit coronavirus.dc.gov/dccan

Together we can stop the spread of COVID-19. By downloading the DC COVID Alert Notice, you can know if you've been in contact with someone who has tested positive for COVID-19. To learn more, visit coronavirus.dc.gov/dccan
