

Update on DC Department of Motor Vehicles (DC DMV) Operating Status during COVID-19 Emergency

What is our operating status?

DC DMV remains operational with most necessary services provided online. All in-person services at DC DMV locations are currently closed through the duration of the health emergency. Although most employees are working remotely, customers are encouraged to use online options at dmv.dc.gov.

How does this impact what we do?

- DC DMV has extended the expiration date for all documents expiring March 1 through the duration of the health emergency, including driver licenses, identification cards, vehicle registrations, inspections, ticket payments and ticket adjudication responses, until June 29.
- All driver licenses, vehicle registrations, and vehicle inspections scheduled to expire have been granted a waiver without penalty until DC DMV reopens at full operating capacity.
- All tickets will remain in their current status for the duration of the health emergency, and no additional penalties will be added during this period. In the interim, the public is encouraged to request adjudication and pay citations online.
- All driver license suspensions and revocations will be paused until DC DMV returns to full operating capacity.

How does this impact our physical locations?

- All DC DMV in-person Service Centers will remain unavailable to the public through the duration of the health emergency.
- Inspection Station in-person services will remain unavailable to the public through the duration of the health emergency.
- Adjudication Services in-person services will remain unavailable to the public through the duration of the health emergency.
