Since April 24, 2020

New confirmed cases over the past week:

- Friday, May 1: 139
- Saturday, May 2: 219
- Sunday, May 3: 154
- Monday, May 4: 152
- Tuesday, May 5: 139
- Wednesday, May 6: 193
- Thursday, May 7: 245

Average daily new positives over last 14 days: 169.4

Total Positives: 5,899
Total Recovered: 825
Total Deaths: 304
To move forward without a vaccine or cure, we must weigh the risks and adapt.

Even if we do everything right, reopening will lead to more infections and more loss of life.
Have we made any progress?

**Yes.** Compared to two months ago when we announced our first confirmed case we have:

- More PPE
- More testing
- More contact tracers
- More hospital capacity
- More social distancing
- More face masks
WHAT ELSE CAN RESIDENTS DO?
Tips for Isolating

If you do not have the ability to isolate yourself from family members, call 1-888-349-8323.

Separate yourself from other people

Avoid sharing household items

If you must be around other people (e.g. to seek medical care), then wear a face mask
This Weekend

- Get fresh air – close to home.
- Celebrate Mother’s Day safely.
Continue to Support Local Businesses

Order grab and go

Protect workers by wearing face masks

Give people space
